THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 96-096-C - ORDER NO. 96-650
SEPTEMBER 17, 1996

IN RE: Application of Brittan Communications) ORDER
International Corporation for a Certi-) APPROVING
ficate of Public Convenience and) CERTIFICATE
Necessity to Provide Intrastate Resold)
Telecommunications Services within the)
State of South Carolina.)

This matter comes before the Public Service Commission of South Carolina (the "Commission") by way of the Application of Brittan Communications International Corporation ("Brittan" or the "Company") requesting a Certificate of Public Convenience and Necessity authorizing it to operate as a reseller of intrastate interexchange telecommunications services in the State of South Carolina. The Company's Application was filed pursuant to S.C. Code Ann. §58-9-280 (Supp. 1995) and the Regulations of the Public Service Commission of South Carolina.

The Commission's Executive Director instructed Brittan to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of Brittan's Application and of the manner and time in which to file the appropriate pleadings for participation in the proceeding. Brittan complied with this instruction and provided the Commission with

proof of publication of the Notice of Filing. A Petition to Intervene was filed by the Consumer Advocate for the State of South Carolina (the "Consumer Advocate"). However, prior to the hearing in this matter, the Consumer Advocate notified the Commission that it was satisfied with Brittan's Application and that the Consumer Advocate would not participate in the hearing scheduled in this Docket.

A hearing was commenced on August 13, 1996, at 11:00 a.m., in the Commission's Hearing Room. The Honorable Guy Butler, Chairman, presided. Brittan was represented by Faye A. Flowers, Esquire. Florence P. Belser, Staff Counsel, represented the Commission Staff.

William A. Jones, Vice President of Sales and Marketing for Brittan, appeared and offered testimony in support of Brittan's Application. Mr. Jones stated that Brittan is a Texas corporation which is registered to do business in South Carolina as a foreign corporation. According to Mr. Jones, Brittan proposes provide direct dial resold telecommunications services to and from all points in the State of South Carolina Carolina. Mr. Jones explained the Company's request for authority to provide interexchange telecommunications services in South Carolina as a reseller. The record reveals the Company's services, operations and marketing procedures.

Mr. Jones also explained that Brittan possesses the technical, financial and managerial abilities to provide its services in South Carolina. Mr. Jones further testified that the Company had made

certain changes to its proposed tariff to comply with Commission guidelines and prior Orders.

After full consideration of the applicable law, the Company's Application, and the evidence presented at the hearing, the Commission hereby issues its findings of fact and conclusions of law:

FINDINGS OF FACT

1. Brittan is incorporated under the laws of the State of Texas and is licensed to do business as a foreign corporation in the State of South Carolina by the Secretary of State.

2. Brittan operates as a non-facilities based reseller of interexchange services and wishes to provide its services in South Carolina.

3. Brittan has the experience, capability, and financial resources to provide the services as described in its Application.

CONCLUSIONS OF LAW

1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to Brittan to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA, as set forth herein, through the resale of intrastate Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.

2. The Commission adopts a rate design for Brittan for its

resale services which includes only maximum rate levels for each tariff charge. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).

3. Brittan shall not adjust its rates below the approved maximum level without notice to the Commission and to the public. Brittan shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance with the notice and hearing provisions of S.C. Code Ann. §58-9-540 (Supp. 1995).

4. Brittan shall file its revised maximum tariff and an accompanying price list within thirty (30) days of the date of this Order. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the Commission's Rules and

Regulations.

5. Brittan is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers should be treated similarly to facilities-based interexchange carriers.

6. With regard to the Company's resale of service, an end-user should be able to access another interexchange carrier or operator service provider if the end-user so desires.

7. Brittan shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If Brittan changes underlying carriers, it shall notify the Commission in writing.

8. With regard to the origination and termination of toll calls within the same LATA, Brittan shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).

9. Brittan shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.

10. With regard to Brittan's debit card, or prepaid calling card, the Commission requires, as a condition of offering debit card services, the Company to post with the Commission a bond in the form of a Certificate of Deposit worth \$5,000 drawn in the name of the Public Service Commission of South Carolina or a surety bond in the amount of \$5,000. The Certificate of Deposit shall be drawn

on federal or state chartered banks or savings and loan associations which maintain an office in this state and whose accounts are insured by either the FDIC or the Federal Savings and Loan Insurance Corporation. A surety bond shall be issued by a duly licensed bonding or insurance company authorized to do business in South Carolina. This condition may be reviewed in one year.

11. If the Company sells its debit cards to retail establishments for resale of the debit card, and the retailer of the debit cards deviates from the suggested retail price as filed in the tariff, or as approved by the Commission in a special promotion, then the Company will withdraw its cards from that retail outlet. This Commission strongly suggests that the Company enter into written agreements with its South Carolina retail outlets regarding this policy of abiding by suggested retail pricing prior to the outlet marketing the card.

12. Brittan shall, in compliance with Commission Regulations, designate and maintain an authorized utility representative who is prepared to discuss on a regulatory level, customer relation (complaint) matters, engineering operations, and tests and repairs. In addition, Brittan shall provide in writing to the Commission the name of the authorized representative to be contacted in connection with general management duties, as well as for emergencies which occur during non-office hours. Brittan shall file with the Commission the names, addresses, and telephone numbers of these representatives within ten (10) days of receipt of this Order.

Further, Brittan shall promptly notify the Commission in writing of any changes regarding these representatives.

13. This Order shall remain in full force and effect until further Order of the Commission.
